## On the Go

FFCU's online banking system, NetBranch, is convenient and an easy way to handle your finances from home, work or while traveling. All you need is a cell phone or computer with an internet connection. The best part? NetBranch allows you to check your balances, make loan and FFCU VISA credit card payments, verify that drafts and debits have cleared, review account and loan history, view items pending in the ACH Warehouse deposits (direct deposit) and transfer money between your FFCU share accounts. Now you can even manage your finances easier with [eAlerts](#) to remind you of loan due dates, low balance alerts, cleared checks and authorized hold on your account. NetBranch is totally free to our members! There are no monthly fees or hidden costs. It is also available to you 24 hours a day, 7 days a week, 365 days a year.

## Phone Teller 24

No internet access? We've got you covered! Our Phone Teller 24 system is a menu run system which allows you to do different types of transactions on your account, such as checking your account balance, checks that have cleared your account, transfer money and make loan and FFCU credit card payments. [Call any office](#) today to sign up for Teller 24.
