

Existing User Enrollment Instructions

Effective July 22nd

1

Login with your current credentials

- Use your existing username and password to login.

2

Set up new security questions

- Follow the prompts to create new security questions for added security.

3

Choose your phone

- Select the phone number where you want to receive your One-time passcode (OTP).
- Choose if you want to get the OTP via text message or phone call.

4

Verify your phone with OTP

- You will receive a text message or phone call with the numerical passcode.
- Enter the OTP in the "Enter verification code:" box.

5

Complete your login

- After entering the OTP, you will be logged into online banking.
- You can now continue with your session as usual.

6

Future logins

- Use your username and password as usual.
- You may be asked to enter an OTP on all future logins for added security.
