April Tax Scam Alert

As the tax filing deadline approaches, scammers become more active—often posing as the IRS, tax preparers, or financial institutions. These scams usually start with a text, email, or phone call claiming there's a problem with your tax return or that your refund is delayed. The message may pressure you to act quickly or ask you to "verify" personal or account information.

Remember: the IRS will **never** contact you by text, email, or social media, and neither the IRS nor your credit union will ever ask for your password, PIN, or payment through gift cards or payment apps. If you receive a message that feels urgent or threatening, pause and verify before responding.

When in doubt, contact your credit union directly using a trusted phone number. A moment of caution can protect your money and your identity.

The Wait is Over!

Saving money doesn't have to be boring—especially for kids and teens. Our Youth Save to Win® CD makes saving fun, rewarding, and habit-building by combining smart saving with chances to win cash prizes.

Designed for members under age 18, this 12-month certificate encourages consistent deposits while teaching the value of long-term saving. With a low minimum deposit, families can get started easily and add to the account at any time, helping young savers watch their balance—and confidence—grow.

Each \$10.00 balance increase earns an entry into monthly and quarterly prize drawings, giving kids and teens the chance to win real cash just for saving. The more they save, the more chances they have to win—while keeping every dollar they deposit.

Spring into Savings

New & Used Auto as low as 4.49% APR*

EQUAL HOUSING OPPORTUNITY

*APR= Annual Percentage Rate. See credit union for details.
