## Helping You Take Control of Your Credit

With Credit Sense, you can view your credit score and full credit report for free—conveniently located right within our mobile banking app. Having easy access to this information helps you stay informed and take a more active role in managing your financial health, anytime and anywhere.

You'll be able to:

- Monitor what impacts your credit score over time
- Receive alerts when important changes occur on your credit report
- Use the Score Simulator to see how actions like paying down debt or opening a new account may affect your score

All of these tools are designed to give you greater visibility into your credit and help you make more confident, informed financial decisions.

## Don't Chase Fake Gold at the End of the Rainbow!

Watch out for:

- Prize or giveaway messages claiming you've won money—but you must "verify" your account or pay a fee first.
- Investment offers promising guaranteed returns or "risk-free" profits.
- Job offers that pay unusually high wages for little work.
- Urgent messages pressuring you to act fast before the opportunity disappears.

How to Protect Yourself:

- Pause before clicking links or responding to unexpected messages.
- Never share your account numbers, passwords, or one-time passcodes.
- Verify offers by contacting companies directly using official phone numbers.
- If something sounds too good to be true—it usually is.

## *There is still time to apply!*
